

Michigan City, IN, July 18, 2016- Dwyer Instruments was recognized for excellence in product design in the 13th annual Dealer Design Awards Program sponsored by *The Air Conditioning Heating & Refrigeration News* magazine. An independent panel of contractors acted as judges in the contest that had 88 entries. The company's [SMART Air](#)

[Hood™ Balancing Instrument](#) was the Bronze Award

Winner in the Testing and Monitoring product

category. *The ACHR News* is the leading trade magazine in the heating, ventilating, air conditioning, and refrigeration industries.

News Publisher Mike Murphy stated:

These awards give us a unique opportunity to recognize the outstanding research and development efforts that go into many of the products serving the HVACR industry and the awards issue gives our readers an opportunity to read about innovative installation and service solutions.

Dwyer Instruments Director of Sales and Marketing, Roger Mountford stated:

The Dwyer team is grateful to ACHR News for recognizing the [SMART Air Hood™ Balancing Instrument](#) for its innovative design which provides a game changing solution to the test and balancing industry. This is the third year in a row that we have received a Dealer Design Award within this product category; keeping with our tradition of launching new products to meet the needs of our customers and the needs of the markets we serve.

Winning entries in the Dealer Design Awards were featured in the July 18, 2016 issue of *The ACHR News*, which is distributed nationally to over 33,000 HVACR contractors, wholesalers, and other industry professionals.
